WHITE MASQUERADE

Garden Chrysanthemums

Spring List
1956

4800 VAN EPPS RD.

CLEVELAND 9, OHIO

TO OUR PATRONS

It is with pleasure, that we offer our 1956 spring price list. We wish to express our thanks for the continued consideration you have given us in the past.

At this time, we extend to you, our cordial invitation to visit our planting of Mums. We are located south of Cleveland, in the Village of Brooklyn Heights, about $\frac{1}{2}$ mile north of Brookpark Rd., which is Rt. #17 — off of Schaaf Rd. Six miles southwest of Cleveland Public Square. Our gardens are at their best, during the month of October.

Because most of our orders have been for rooted cuttings, for several years, we are listing only ROOTED CUTTINGS this year.

LOCAL ORDERS—Orders can be called for at the Nursery, if ordered and paid for well in advance, as early orders have preference, orders filled by number. Specify on order, date you wish to call for them, then please notify by phone or postcard two days in advance, so we may have them ready for you to pick up.

★ ★ ★

HOW TO ORDER

PLEASE ORDER EARLY — Orders filled by number, in rotation. All orders acknowledged by card with an order number. Always mention this number when writing or calling in regards to your order.

WE DO NOT LIKE TO SUBSTITUTE — but would like you to tell us if we may — on any not available at the time we fill your order. These would be similar, or newer varieties.

Please enclose 25c to help cover postage. No orders accepted for less than three dollars. **PLEASE WRITE OR PRINT NAME CLEARLY, AND GIVE FULL ADDRESS.**

We grow Garden Chrysanthemums only — Cuttings will be ready for shipping from February 15th to July 15th. Plants will be well labeled, and well packed, assuring you beautiful, sturdy, blooming plants this fall.

Our plants are guaranteed true to name and in healthy condition. All plants proved unsatisfactory will be replaced.

Our Mum stock is carefully selected from plants that were inspected, disease-free, and specimen plants, in our 8 acre planting of Chrysanthemums. All our stock is outdoors through the blooming season.

If on arrival, your plants should be a little dry, put them in water to cover the roots, and keep them in the water until the next morning. Then, either pot up and hold until your garden is well prepared, or plant right out, if weather permits, and your garden is well prepared. Keep well watered first few days.

We try to plant our cuttings in late afternoon or after a good rain, and we have excellent results, even as late as July 20th. When planting late in the season, water daily, in afternoon, for one week, if weather is hot and dry. Keep soil around the roots, loose and soft, during the summer months.

Prices in this catalog CANCELLED after July 15, 1956.

JOIN THE NATIONAL CHRYSANTHEMUM SOCIETY

If you live in Ohio — JOIN THE OHIO STATE CHAPTER ALSO.

Mail us \$5.00 for the joint membership in Ohio of National and State. National Membership \$3.00 — Application blank on request.

BEGINNERS HANDBOOK ON CHRYSANTHEMUM CULTURE — 60c POSTPAID.

A complete 40 page pamphlet on growing Chrysanthemums.

— NEW FOR 1956 —

We are extremely happy to be able to offer you this dazzling white button. This we believe, to be the answer, to so many requests we get for a white button.

****WHITE MASQUERADE**—A sport of the very popular MASQUERADE. Perfect one inch spheres of glistening white. A perfect mound about 20 inches tall and 24 inches wide, completely covered with tightly knit firm petaled button blooms. Outstanding—The best white button we have ever grown, for border or pots. Blooms Oct. 5 50c each 3 for \$1.20 10 for \$2.50.

NEW — 1956 INTRODUCTIONS, RELEASED BY DR. E. J. KRAUS

Dr. Kraus has consistently introduced varieties that continue to be tops in the early garden types.

75c per rooted cutting.

★ ★ ★

FRED STONE—(Dr. Kraus) Rich Velvety Oxblood Red duplex, somewhat lighter reverse, with yellow center. Reflexed 4 inch flowers. Height 24 inches. Very good cut. Showy and long lasting.

GRACE BRADSHAW—(Dr. Kraus) Large fully Double white incurve, opening with slightly greenish swirled center. Full deep wide-petaled 4 inch flower. May be disbudded to a larger size. Height 18 inches. Good for landscape planting, or cut.

HELEN BOGUE—(Dr. Kraus) Large, swirled center, reflexed petals of magenta rose to purple tone, silver reverse, 4-5 inch flowers, Larger if disbudded. Nice to cut, Height 18-24 inches.

JESSAMINE WILLIAMS—(Dr. Kraus) Double Rayonnante type. Petals quilled and spoon tipped, with greenish opening to white. Interesting coloring, flowers 2-4 inches across, beautiful sprays for cutting. Hgt—12-18 inches.

MOUNT HOOD—(Dr. Kraus) Center opening with greenish-cream-primrose combination, into a large double white incurve, 3-4 flower, Fine growth habit. Med. Height, Excellent for pots.

NANCY SCOTT—(Dr. Kraus) Reddish bronze bud, center opening to burnt orange, aging to straw yellow. Poms 1½ inches. Low growing, good in landscape border.

RUBY BREITHHAUPT—(Dr. Kraus) Large primrose yellow bud opening into primrose bloom, finally toning into cream. Petals overlapping, reflexed, sheds water. Flowers 5-6 inches across. Larger if disbudded. Height 18 inches. Excellent growth habit, beautiful for cut flowers and disbudding. Good pot plant.

All above varieties 75c each rooted cutting.

★ ★ ★

EARLY FRENCH NOVELTIES

50c per rooted cutting

— Heros Jean Guizonnier —

Long quilled petals of rosy purple. Huge blooms 7 inches across, without disbudding.

— Ami Charles Souchet —

Sport of the above variety, exactly the same except for color, which is a striking rosewood color. The above two are still the most interesting plants in our field. — Usually bloom the 5th of October. Was 10 days late last year as were many of the early garden Mums.

EXTRA LARGE FLOWERING — GARDEN VARIETIES

A SUPURB GROUP

Four to five inch blooms when grown in Border or Spray Form.
